

CERTIFICATE IN AGRO CHEMICAL PRODUCTS ENTREPRENEURSHIP AND SELF-RELIANCE

Subject Code: CSP-118

Scope of the Course:

This is a three-month duration certificate course that can be pursued in a wide range of fields starting from MSME start-ups, small-scale industries to large-scale industries. you may setting up new MSME/ Startup for manufacturing/ processing of following goods/ items/products.

Agro chemical pest-control products manufacturing plants like:

- Pesticides manufacturing start-ups
- Insecticides manufacturing start-ups
- Herbicides manufacturing start-ups
- Fungicides manufacturing start-ups
- Algaecides manufacturing start-ups
- Rodenticides manufacturing start-ups
- Molluscicides manufacturing start-ups
- Nematicides manufacturing start-ups
- Liming and acidifying agents manufacturing start-ups etc.

Fertilizer manufacturing plants like:

- **Organic fertilizer manufacturing start-ups:** (Compost manufacturing start-ups, Humic Acid manufacturing start-ups, Fulvic Acid manufacturing start-ups, Bio Fertilizers manufacturing start-ups and Zyme fertilizers manufacturing start-ups etc.)
- **Inorganic Fertilizer manufacturing start-ups:** (Anhydrous ammonia manufacturing start-ups, Urea manufacturing start-ups, Urea-ammonium nitrate solutions manufacturing start-ups, Triple superphosphate manufacturing start-ups, Ammonium phosphates manufacturing start-ups, and Muriate of potash manufacturing start-ups (potassium chloride) etc.
- **Other Fertilizer manufacturing start-ups**
 - Soil conditioners manufacturing plants (Biochar) manufacturing start-ups
 - Bone meal manufacturing start-ups
 - Blood meal manufacturing start-ups
 - Coffee grounds manufacturing start-ups
 - Compost manufacturing start-ups
 - Compost tea manufacturing start-ups
 - Coir manufacturing start-ups
 - manure manufacturing start-ups
 - Straw manufacturing start-ups
 - Peat manufacturing start-ups
 - Sphagnum moss manufacturing start-ups
 - Vermiculite manufacturing start-ups
 - Sulfur manufacturing start-ups
 - Lime manufacturing start-ups
 - Hydroabsorbant polymers manufacturing start-ups
 - Bio solids manufacturing start-ups and **other allied MSME/ Startup entrepreneurship.**
