

## **CERTIFICATE IN PAINTS, VARNISHES, THINNERS AND SURFACE COATINGS AND RELATED CHEMICAL PRODUCTS BASED ENTREPRENEURSHIP**

**Subject Code: CSP-119**

### **Scope of the Course:**

This is a three-month duration certificate course that can be pursued in a wide range of fields starting from MSME start-ups, small-scale industries to large-scale industries. you may setting up new MSME/ Startup for manufacturing/ processing of following goods/ items/products.

### **Various type of Ink manufacturing plants:**

- Rotary Ink manufacturing start-ups
- Quickset Ink manufacturing start-ups
- High-gloss Ink manufacturing start-ups
- Moisture-set Ink manufacturing start-ups
- Water-Washable Ink manufacturing start-ups
- New Ink manufacturing start-ups
- Miscellaneous Job Ink manufacturing start-ups
- Printing INK manufacturing start-ups
- Metallic inks manufacturing start-ups
- Aluminum-based inks manufacturing start-ups
- Pearlescent inks manufacturing start-ups
- flexographic Inks manufacturing start-ups
- Sye-based inks manufacturing start-ups
- Pigmented inks for specific substrates manufacturing start-ups
- Screen Inks manufacturing start-ups
- Inks for paper and board manufacturing start-ups
- Thin film screen inks manufacturing start-ups
- Ultra-thin film screen inks manufacturing start-ups
- Oxidation drying gloss inks manufacturing start-ups
- Inks for Impervious surfaces manufacturing start-ups
- Textile Inks manufacturing start-ups
- Daylight fluorescent Inks manufacturing start-ups
- Process inks manufacturing start-ups
- Uv and Electron Beam curing Inks manufacturing start-ups
- WRITING INKS manufacturing start-ups
- Letterpress inks manufacturing start-ups
- Lithographic inks manufacturing start-ups
- Dry offset inks manufacturing start-ups
- Gravure inks manufacturing start-ups
- Flexographic inks manufacturing start-ups
- Screen inks manufacturing start-ups
- Ink-jet inks manufacturing start-ups

### **Variety of Paints manufacturing plants:**

- Rubber Paints manufacturing start-ups
- Distemper manufacturing start-ups etc.
- Various types of varnishes manufacturing plant:
- Different types of thinners manufacturing start-ups and **other allied MSME/ Startup entrepreneurship.**

Knowledge gained by this course may also prove to be very useful as it covers all essentials information that must be needed for any such start-ups ranging from planning till execution.

This course aims at providing adequate skills required for a establishing particular start-ups/entrepreneurship to candidates. The course is different from traditional academic programmes as it deals more with LIVELIHOOD-based studies rather than focussing on only theoretical knowledge One of the biggest advantages of pursuing this course against common certificate courses is that this course follow pattern discussed in new education policy that is ABCDE (Academic bank of credit System for the development of entrepreneurship) that focuses more on practical knowledge than only theoretical one. Apart from this, the work experience candidates gain during the course increases their probability of getting established start-ups with good turn-over.
